Dear Emergency Management Family, Friends and Corporate Sponsors,

Please consider joining us this coming year for one of the largest gatherings of Native American emergency managers and homeland security personnel in the Country! This year we celebrate the **4th Annual National Tribal Emergency Management Conference**. In addition, we are partnering with many new Tribal agencies and organizations to raise greater awareness about our Tribal Emergency Management programs across the country and to increase even more information sharing across the Nation. Highlights for this year's event include:

- ▲ One of the largest gatherings of Tribal Emergency Managers, Homeland Security Professionals, Hazard Mitigation, Response, Recovery and Tribal Public Health Personnel in the nation.
- ▲ Come visit with many of the nation's 567 Federally Recognized American Indian Tribes and Alaska Native Villages. Holding the Conference in the Central Valley of California better facilitates the level of participation from our Tribes.
- ▲ Tribal, Federal, State, Local and Regional partners are well represented.
- ▲ Participants and presenters include tribal leadership and decision-makers from across the country.
- ▲ Tribes that currently provide protection to some of our Nation's most critical infrastructure, to include the International Border, the Grand Coulee Dam, US Naval Bases, Major Oil Refineries and International Shipping Lanes will also be in attendance.
- ▲ NTEMC offers the most cost effective conference in the nation by combining pre-conference training opportunities, general session presentations and a national exercise, along with an opportunity to network with other professionals across all disciplines, all for the low price of \$99.00. Special pricing for all of our corporate family is available to showcase your products and valuable services to Indian Country. Corporate Sponsorship Opportunities and Registration Form is attached.

Please join us in working with our tribal nations to build and equip a more prepared and resilient future. Unparalleled exposure and goodwill can be gained from exhibiting at this conference. Register soon, as our exhibitors have already started to book their space for the 2017 NTEMC conference. We look forward to seeing you there.

Most sincerely,

Del Ostenberg
